

FIT Healthcare, Epic Application Experts

Yes, we offer Epic Consulting, Staff Augmentation, and Direct Hire Support... but we aren't striving to be just another Epic staffing company.

We are, at heart, an IT company with deep expertise in providing solutions and support. We want to dominate the industry with our quality people, solutions, and results. We champion a Raving Fan Culture to ensure we overdeliver for our clients.

Epic Opportunities

- Revenue Cycle Improvements through Epic + AI
- EHR Migrations to the Cloud
- Evaluating Epic vs. Oracle/Cerner Options
- Integrations with Epic
- Technical Dress Rehearsal Support
- EHR Conversions from Allscripts, eClinicalWorks, Greenway to New Epic Garden Plot offering
- EHR Conversions from Cerner to Epic
- Project Management Support
- Migration to the Cloud
- Cybersecurity Support
- Managed IT Service Support
- Epic Integration with AI Vendors
- Strategic Partnerships with other Epic 3rd Party Integrators

Conversations Worth Having

- How switching from Cerner to Epic improved revenues to 135% of client's baseline
- How we turned a struggling implementation into the client's most successful install yet
- How we drove better team alignment and engagement through leadership & culture change
- How we help clients migrate to the Cloud
- How we protect our clients from Cybersecurity threats with our US-based Security Ops Center
- How we champion our Raving Fan Culture to maintain 5-Star Google Reviews
- How Epic Garden Plot will open doors for Independent Provider Groups
