

# IT & Cybersecurity for Senior Living

Senior living operators are scaling faster than their technology can keep up. FIT Solutions partners with multi-site operating groups to modernize IT, standardize environments, and build the security foundation that growth demands.

## HOW WE HELP

**35%**

Reduction in IT  
downtime

**60%**

Faster issue  
resolution

**60%**

Faster community  
onboarding

**250+**

Sites supported

- **Infrastructure Modernization** We replace aging hardware, upgrade legacy systems, and migrate to modern platforms without disrupting daily care
- **Standardized Tech Across All Communities** Every community runs on the same unified tech stack – consistent networking, device policies, and cybersecurity tools from day one
- **Fast, Structured Onboarding** Proven rollout playbooks get new communities live quickly. Tide Group saw 60% faster onboarding; Spyglass onboarded 7 sites in 3 months
- **Cybersecurity & Compliance** HIPAA-aligned policies, multi-layered endpoint protection, and 24/7 monitoring protect sensitive resident data across all locations.

## WHY DO ORGANIZATIONS CHOOSE US?

Deep expertise across IT management and cybersecurity  
Proven track record with multi-site, compliance-driven operators  
Standardized rollouts – every community deployed consistently  
Proactive: We flag gaps before they become problems

## CLIENT SUCCESS

*"FIT Solutions has been an incredible partner. Their smart, proactive team anticipates our needs and delivers results quickly. In just a short time, they have made a big impact and I could not be more grateful."*

**– Brian Ramos, President & CEO, Tide Group**

*"The FIT Solutions team has rapid deployment, and prepares our networks to scale with our fast growth – even when we have multiple acquisitions at the same time. They are professionals and the experts."*

**– Peach Mata, EHR Project Manager, Providence Admin Consulting Group**

### TIDE GROUP

#### POST-ACUTE & SENIOR LIVING

##### CHALLENGE

Aging systems causing outages, no IT standardization, slow onboarding delaying growth.

##### RESULTS

- 35% less downtime
- 60% faster resolution
- 60% faster onboarding

### SPYGLASS HEALTHCARE

#### CLINICAL CONSULTING

##### CHALLENGE

Legacy systems, inconsistent IT across sites, licensing caps blocking user growth.

##### RESULTS

- 7 sites onboarded in 3 months
- 35% downtime reduction
- 60% faster resolution

### PACS GROUP

#### POST-ACUTE

##### CHALLENGE

Network and EHR systems must be deployed fast at acquisition – with multiple buildings onboarding simultaneously.

##### RESULTS

- Rapid deployment across simultaneous acquisitions
- Networks scaled to support fast growth
- Experts in multi-site EHR rollouts
